

# Technology at Work for **You**

Connecting your business meeting or social event to the technology resources you need at the Holiday Inn Winnipeg Airport West.

**At Holiday Inn Winnipeg Airport West, we do business meetings or event planning better. We have 7 spacious function rooms that are all equipped with audio-visual services. Our systems are easy to use and designed to not require a technician for your meeting. If you have any questions please feel free to contact our Sales department to book your next meeting or event today!**

## Audio

- QSE Commercial Grade High End Speakers built to stabilize voice and music.
- Wide distribution speakers. Even distribution with 8 speakers per meeting room.
- All speakers are powered by 1250 watts per channel zone on a QSE digital amplifier.
- Easy Plug and play technology with HDMI inputs for your laptop. We also offer live cable TV available on our system for your next function or event.
- Assure SM58 Wireless Microphone and Assure Wireless Lavalier Microphone with low to no feedback for clear sound.
- Digital Audio Symmetric Digital Processor for audio processing.
- Up to 3 microphones available for use in the Birchwood Ballroom and up to 2 microphones in the Chateau Riel Room.

## Video

- JustAddPower Hospitality Grade Video Distribution Processing.
- 1 Christie Brand Cinematic Series 1080P HD Projector per meeting room. Same image can be projected across all projectors in the Birchwood Ballroom or Chateau Riel Room.
- 95% of all Movie Theatres in North America use Christie Brand HD Projectors.
- The projectors project 6000 lumens which will give you a crystal clear image even in full light. High contrast and sharp images project in full HD regardless of the light.
- 150" Motorized Projection Screens in the Birchwood Ballroom and 120" Motorized Projection Screens in the Chateau Riel Room.
